## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 20-26 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach or suggest, among other things, application of at least some of the state transition rules updates values off the data elements according to the specification of the state transition rule; and computing a specification of the synchronous digital system such that at least some state transitions of the synchronous digital system each corresponds to application of a group of two or more of the state transition rules, wherein at least some of the groups of state transition rules each includes rules that potentially conflict in their access to the data elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
